Earth Studio supports 3D camera export to
Adobe After Effects

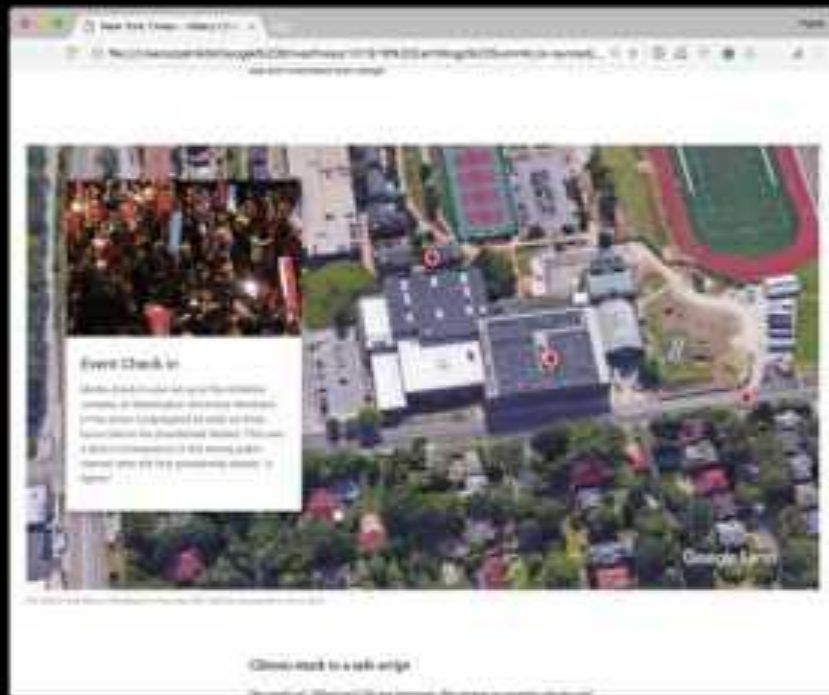

News Media - CNN Reel

(locator maps, timelining events, establishing shots, b-roll)

Compositing Examples

After Effects Demo

- Track points in Earth Studio
- Local vs Global Coordinate system - what are the benefits?
- Track Points to 2D screen space
- Adding more Track Points without re-rendering
- Exporting trackpoints for interactive use - JSON

[Demo](#)

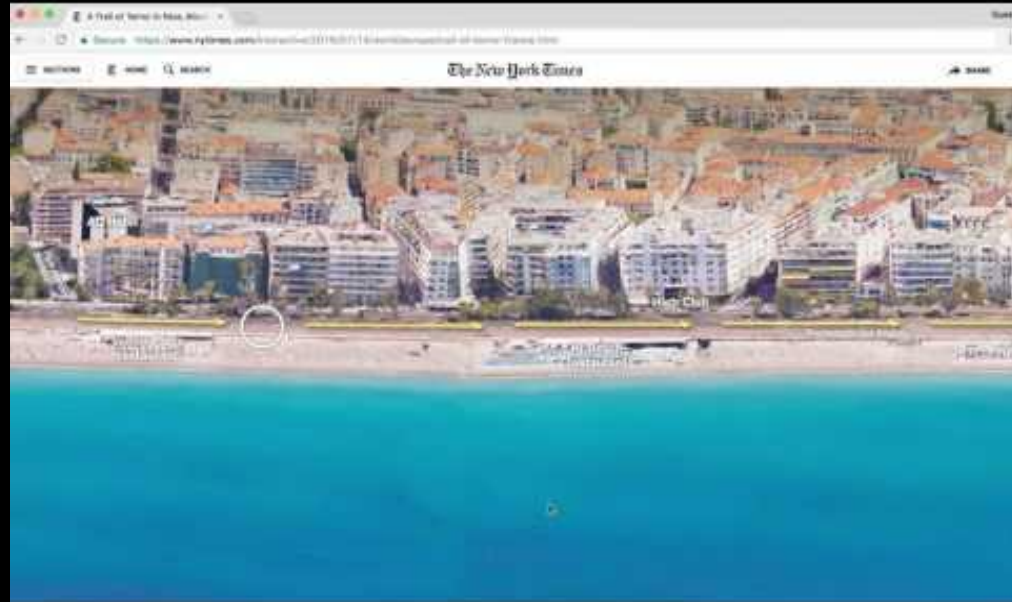

Other Examples

Interactive

Interactive Storytelling / 'Japanese Imperial Transition'

Interactive

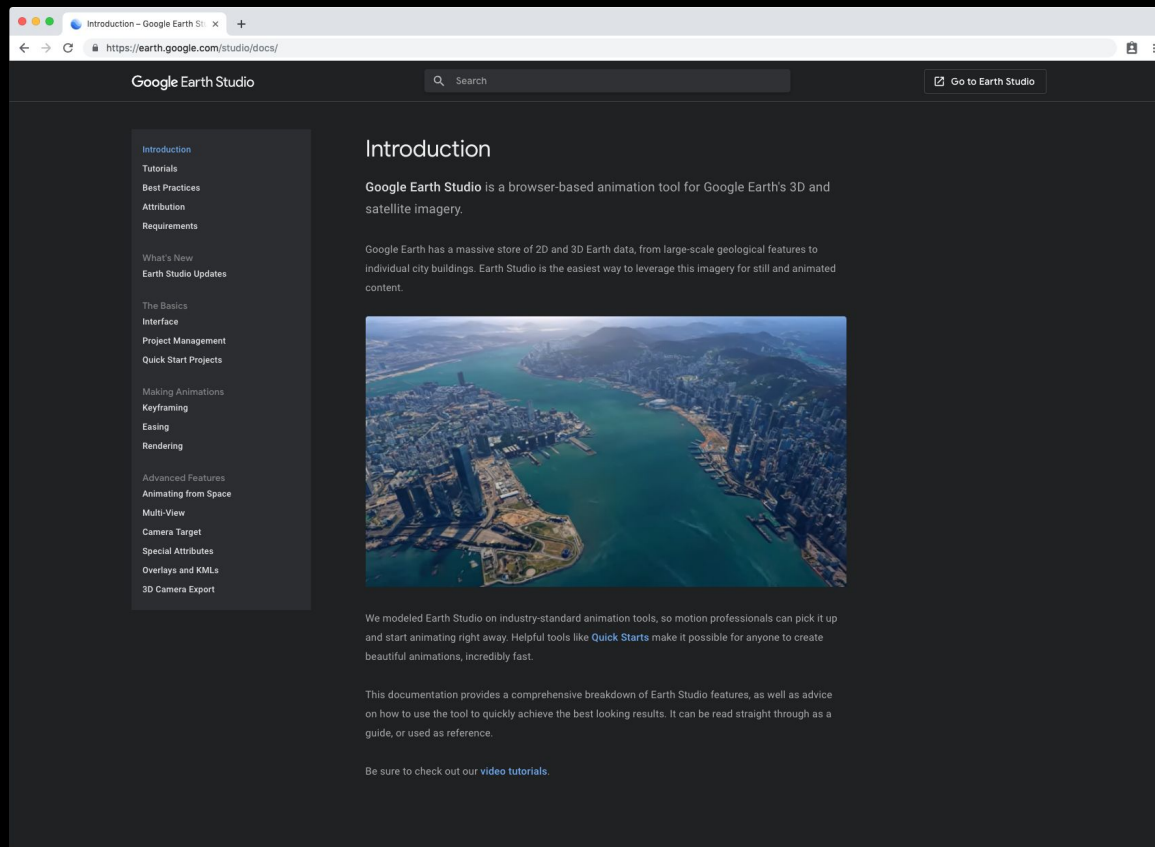

Interactive Storytelling / [A Trail of Terror in Nice](https://www.nytimes.com/interactive/2015/07/11/world/europe/nice-terror.html)

Planning

Margaret Hamilton Tribute : 50th anniversary of the Moon landing
